Any person who violates school policies and regulations or behaves in a boisterous, obscene, vulgar, discourteous, harassing or abusive manner, or comes to school under the influence or in possession of drugs or alcohol may face suspension or termination.

Because every student is a future employee, manager or entrepreneur, you must meet these standards of professionalism, which will prepare you for the demands of your future career:

Dress Code – Maintaining an appearance that meets the *Image Standard* for our industry is vital to your success. Students should dress as if they were going to work and ask themselves “Do I meet the *Image Standard* of my industry?”

Oliver Finley Academy recognizes that a student’s mode of dress and grooming is a manifestation of their personal style and individual preferences. Oliver Finley Academy will not interfere with the right of students to make decisions regarding appearance, except when choices affect the educational process on our campus. Any apparel that draws undue attention to a student tends to detract from the educational process and is therefore considered inappropriate. Students should choose apparel that demonstrates individuality without deviating from a standard of general appropriateness. A degree of modesty is expected.

Oliver Finley Academy does not allow any Religious, Political, Profane or Racially charged messages on anything (clothing, décor, stickers, etc.) while on campus.

Behavior/Conduct – Students are expected to conduct themselves in a professional manner at all times, whether in the classroom, lunchroom or on the clinic floor. Students may not refuse a service for a client without the permission of an instructor or administrator. As stated above, boisterous, obscene, vulgar,

discourteous, harassing or abusive behavior will not be tolerated and may result in disciplinary action. Continued negative behavior may result in progressive disciplinary actions up to and including termination of enrollment. A student who receives three write ups for the same offense may be suspended for 15 days. Continuance of that same behavior after their return may result in expulsion from Oliver Finley Academy.

Drugs/Alcohol – In an effort to create a healthy environment for students and in compliance with the provisions of the Drug-Free Schools and Communities Act Amendments of 1989 (Public Law 101-226), Oliver Finley Academy prohibits the possession, use or distribution of illegal drugs and/or alcohol by its students on school property or as a part of any school activity. Students under the influence of alcohol or illegal drugs are not permitted to be present on campus or at campus sponsored activities. Should you refuse to participate in the drug testing, you may be terminated from Oliver Finley Academy without further notice. Students whose drug tests are positive will owe Oliver Finley Academy the drug testing fee.

The illegal manufacture, distribution, dispensation, possession or use of narcotics, drugs, alcohol or controlled substances during school hours, school activities or on school property constitutes conduct unbecoming a student and is prohibited. Compliance with this regulation is a condition of enrollment and any student in violation will be subject to disciplinary action, up to and including termination of enrollment.

Grading System

Students are graded on a percentage system ranging from 0% to 100+%. A minimum cumulative 75% GPA is required to maintain satisfactory progress. Both theory and practical work will be graded on the following scale:

90 - 100	Excellent
80 - 89	Good
75 - 79	Satisfactory
74 and below	Failing

Clinical work is not graded in the traditional sense, rather students are given credit for completion of an application and the credit goes towards the practical applications required for course completion. Practical work is formally tested and based on specific, written criteria that is converted to a percentage based on how many items were done correctly based on how many points possible.

Evaluation System

Every student will be graded on all theoretical work. Students must maintain a 75% average on all work. Scores will be checked on a monthly basis. If the student has a low score for two consecutive months an academic plan will be created and implemented with the student. This plan will include all makeup work necessary to bring student back to or above the minimum grades required. If the student fails to adhere to the academic plan the student could face withdrawal.

Practical applications will also be recorded and reviewed on a monthly basis, via a student “Level Sheet”. The student level sheet must be turned in every month. The student must complete all practical requirements before finishing their contracted hours. If all practical applications are not complete by graduation, the student will not successfully complete the program and would be considered withdrawn.

Clinical Service Policy

Oliver Finley Academy offers students the opportunity to learn new skills in the classroom and then use and improve those skills while providing services in our clinical environment. This process allows for the best development of skills and retention of information that will be critical to your success as a professional service provider. The opportunity for you to use newly acquired knowledge and skills on a variety of individuals with unique characteristics, needs and opinions; is vital in the educational process. Engaging with these “clients” in our Student Salon and Spa environment will allow you to refine skills in your chosen discipline. These clinical service opportunities are an essential component for teaching customer service, communication skills and professionalism to our students. To help facilitate this crucial piece of your education, each of you are expected to:

1. Stay informed of your daily schedule. Know when you are in class and when you have an appointment coming in. Check your schedule often during the day, as the clinic

schedule is likely to change, due to cancellations, walk-ins, etc. When you are scheduled for class, you are expected to be present when class begins, and roll call is taken. You must be present in the classroom for the duration of the class. 2. During clinic time, be prepared for your client to arrive. This means having service areas prepped prior to the appointment time. You are expected to be at your station, or approved break areas, during clinic hours. This ensures you are readily available for all services, including walk-ins. It is suggested to be at the front desk before your client arrives, ready to greet them as they check in.. If you are leaving campus during clinic hours, you must clock out. This is required. Failure to do so may result in suspension and/or withdrawal from the program. You are expected to take all appointments that are assigned to you. Refusing to take an assigned appointment is not allowed. If you are clocked-in, but cannot be found for an appointment (scheduled or walk-in), you will be in violation of the following: a. Being off campus without approval b. Not clocking out as required when leaving campus Refusing to provide clinical services to a client Refusing to take a service, or failure to be present for a scheduled client, may result in an immediate 15- day suspension and possible withdrawal from the program. Students, along with a supervising instructor, should use all of their skills to provide every client the best possible service experience

Attendance Policy/Procedure

Attendance and punctuality cannot be emphasized enough. You are preparing for a career in a personal service industry. You should treat your time here at Oliver Finley Academy as if this was your job or internship and Oliver Finley Academy is your employer. Your success in this industry partially hinges on your being able to report to work **on time**. In today's cosmetology market, employees are expected to come to work ON TIME and ready to take on the demands that this industry requires. Now is the time to develop all of the habits and knowledge necessary to make you successful in the future.

Attendance During Basics

Attendance takes on a very serious role during Basics. This is the foundation on which you will build and prepare for your future in the cosmetology industry! So missing time here can have a severely detrimental impact on future skill development. Because of this no more than 15 hours can be missed while a student is in the "Basics" portion of their enrollment. If 15 hours are missed the student could be asked to re-start Basics with the next available class. Only 1 re-start will be allowed.

Clocking in Late (Tardies)

School starts at 8:00/5:30. Students are expected to be clocked in no later than 8:07/5:37 on the days they attend school. The consequence for students arriving after 8:07/5:37 and choosing to clock in for the day, will be a Forced Absence scheduled on a future date. During their Basics course of instruction, students are exempt from this policy.

Minimum Attendance

Students must **maintain** a minimum 85% attendance average.

It is the students' responsibility to monitor and follow their own attendance percentages. Students can keep track of their estimated attendance percentages by logging into "Klass App" which is interactive with the Freedom software, where all of the student's attendance information is stored.

If for any reason you are unable to attend school or will be attending late, you must place a courtesy call to the school, so that we can let your clients know that you will not be available. We will re-schedule them on a different day or put them with another student depending on what the client wishes to do. Placing a call to the school does not excuse the absence or tardy. Any time a student misses will affect their attendance percentage, unless they are on an approved Leave of Absence. If a student was tardy for a reason they can document, i.e. a doctor's appointment, they can submit a note from the Doctor. This does not "excuse" the time missed but would replace needing to take a Forced Absence. Oliver Finley Academy does not qualify an absence as "excused or unexcused".

All students are required to attend class as scheduled. Students are allowed to leave class only with permission of the class instructor. If a student is late for class they will not be allowed to attend the class in progress unless given permission by instructor. It is the students' responsibility to make up all missing work when class is missed.

It is a required Oliver Finley Academy policy that students are in attendance at the very least, 85% of the time.

If a student's attendance falls below the 85% minimum, the student will receive a write-up. The write-up will include a plan for the student to regain the minimum standard. If the student does not follow the plan and does not bring their attendance back to or above the minimum, the student will receive a second write up. Once again there will be a plan included to assist the student in regaining satisfactory attendance progress. If the student fails to achieve satisfactory attendance progress, a third write-up will be issued. At that time the student will be suspended for two weeks and a tribunal may be scheduled with the Director of Education and the Director of Financial Aid/Compliance. The student will have an opportunity to explain any issues they are having that may have caused this attendance issue. The Director of Education will review the case and will decide if the student is a candidate to return to school and successfully complete their program. The student will be notified within 5 days as to the decision.

The contracted hours of instruction are to be taken at the times scheduled in the contract. The school is under no obligation to grant a schedule change and may refuse the request at any time. Oliver Finley Academy may require adequate proof of any need to make a schedule change. The school reserves the right to make any changes in the schedule that it deems necessary.

The student must complete the course prior to the Contract End Date or Estimated Grad Date. The Contract End Date may be changed only with the written consent of the school. The school is under no obligation to change the Contract End Date.

Maximum Attendance

Oliver Finley Academy does not allow students to accelerate attendance, past 100%. During the Basics portion of their education, early clock ins, late clock outs, or short lunches are not permitted. If a student accidentally clocks in/out too soon or late, the time clock will not credit the extra time.

After students are placed on the clinic floor, they may clock in early or stay late, with approval and as long as the extra time does not accelerate their attendance past 100%. Short lunch breaks are not permitted, without permission. If a student does have over 100% attendance, they will be required to take enough time off to bring their percentage back to, or just below, the maximum allowed. Accelerated attendance may result in disciplinary action. Accelerated attendance may cause a reduction of Federal Financial Aid. A reduction in aid may create a balance due to Oliver Finley Academy, and will be the responsibility of the student to pay out of pocket before their last day.

Leave of Absence

A student wishing to take a Leave of Absence must follow the school's policy for requesting an LOA. A Leave of Absence allows the student to take time off school without it affecting their enrollment status, grades and attendance percentage. There is no added cost or charge for taking a Leave of Absence and the student is still considered Enrolled during this time. They will not be considered withdrawn, and no Refund Calculation is required that time. The request for a Leave of Absence must be sent via email or app message to Student Services and must include the reason for the Leave of Absence. A Leave of Absence must be approved by Student Services and one Director. A Request Leave of Absence document will be sent, showing the days to be on leave, the reason for the leave, expected return date and an Addendum, extending the contracted End Date out as many calendar days as taken on leave. This document will be signed by the Student, Student Services and a Director. The school is under no obligation to grant a Leave of Absence. If a Leave of Absence is denied the student will be notified via email or app message.

Oliver Finley Academy offers 5 Leave of Absence classifications: Personal, Medical, Emergency, Bereavement, and Per Administration.

To qualify for a Leave of Absence the student must be out of school for 7 consecutive days, with day one starting on the first school day missed. A Leave of Absence must be requested in advance. If the Leave of Absence is due to an emergency or unforeseen circumstance, and the student was unable to request a Leave ahead of time, the school will collect the request for leave at a later date, require documentation to support the need be submitted as soon as possible, the school will document it's reason for the decision and start the leave as of the first school day missed by the student.

Students are permitted to take up to two weeks of "Personal" leave time. This can be broken up into one-week increments or used all at once. They do not need to submit any documentation but must request the Leave of Absence in advance. A Personal Leave of Absence cannot be backdated, or started before the request was submitted.

A student suffering an emergency may request a "Medical", "Emergency" or "Bereavement" Leave of Absence. To qualify for a Medical or Emergency, a student must miss at least 7 consecutive days (day one starts on the first school day missed) and be able to document the need. To qualify for a Bereavement, the student must submit documentation to support the need. There is no minimum length of time required for Bereavement Leave of Absence. Per Administration Leave of Absence is very rare and is solely based on the discretion of the school. A student is not able to request this type of Leave of Absence but will be able to either accept or decline the Leave of Absence.

If a student takes an un-approved Leave of Absence, lasting 14 calendar days, they will be withdrawn from the program. The student must return from the Leave of Absence on the day expected. Failure to return on said date will result in withdrawal from the program. Withdrawn students will have their last day of attendance used for their official withdrawal date, including students participating in the Federal Financial Aid program. Their last date of attendance will be

used for the Return of Title IV Funds calculations, and could mean the student used up some, or all, of the grace period for their loans.

If a student is not able to return on the date expected, they can request the Leave be extended by messaging Student Services 24 hours in advance of the end date. The school is under no obligation to grant a Leave Extension.

All combined Leave of Absence types must not exceed 180 days in a 12 month period. However, due to the impact of missed time during a student's education, the school may require a student needing more than 60 days, to withdraw from the program, with the possibility of returning at a later date.

Miscellaneous

We treat our students like adults, therefore it is the student's responsibility to notify or involve their parents as to activities going on in their school whether those activities are Christmas parties or their own termination from Oliver Finley Academy. It is not Oliver Finley Academy's responsibility to contact any student's parent/s at ANY time even if the parent/s paid for their son or daughter to attend our school and we need to terminate their enrollment for a qualified reason.

Students are not employees and will not receive compensation for any aspect of their education at Oliver Finley Academy, including when providing any and all services in the Oliver Finley Academy clinic.

Visitors are not allowed at the school unless receiving a service. If a loved one or family member needs to drop something off for you, they may leave it at the front desk, but no disruption of class or patron time is allowed.

Smoking/Vaping is only allowed outside the facility, in designated smoking areas, during break time or lunch. Smoking/Vaping is not allowed inside the school.

Any student using/in possession of drugs or alcohol at school may be dismissed from the program permanently. Oliver Finley Academy may drug test students.

Students are not allowed to contact clients without written permission from an Instructor or Administrator of Oliver Finley Academy.

All students must clock in to receive appropriate credit for hours. All students should clock out for a one-half hour lunch break each day.

Students receive Progress Reports monthly which include "to date" information regarding the students grades and attendance.

Students are not to provide Cosmetology, Nail Technology or Esthetics services at home in exchange for money. This is against State Board regulations and may result in loss of licensure and ability to be licensed. Solicitation of Oliver Finley Academy clients to be serviced in your home or any other location is unethical, against Oliver Finley Academy policy and is grounds for termination.

A students family member can receive a 25% discount for services offered in our clinic.

Parking is allowed in designated areas only. All students must park in the parking lot on the other side of the access road or the lot closest to Applebee's. Spaces in the front parking lot are designated for Oliver Finley Academy clients and for customers of our neighboring businesses.

Oliver Finley Academy Exiting Jail/Prison Policy

Potential or returning students that are exiting jail/prison will be considered on the following basis:

In good standing with their current Parole/Probation.

Must provide letter of verification from PO.

Have completed all classes, community service, etc., mandated by the court and/or PO officer that may interfere with class schedule.

Must have all financial obligations complete with the courts.

Upon completion of the previously stated requirements, Oliver Finley Academy will consider each person on a case by case basis, to identify if the potential student will be able to dedicate themselves towards the program, they may be enrolling in. Idaho Barber and Cosmetology Services Licensing Board will determine if licensure is possible for convicted felons. They can be contacted at bcb@dopl.idaho.gov.

Oliver Finley Academy Electronics Policy

Oliver Finley Academy loves Technology and the wide variety of gadgets that can be used to access the Internet, eBooks, shared network resources, etc.

We encourage our students to use electronic devices like phones, tablets and laptops anywhere and everywhere while on campus. Our hope is that you will use them while gathering school hours, for the purpose of furthering your education and acquiring knowledge of the Beauty industry in general.

Our only black and white rule in regard to electronics; is that you cannot use any electronic device in a way that would disturb or interrupt your fellow classmates, Oliver Finley Academy staff or Salon/Spa customers, which would include "Theory" class and during tests. This would include phone calls which must always be made "outside" of the building.

We would also have you limit electronics use in any public area on campus to professional school use only, (waiting areas, clinic floors or rooms). Professional activities would include using devices to show customers hair styles on the Internet, referencing technique videos, eBook instruction, etc.

Again, we want you to have an excellent educational experience while at school and we understand that technology will be a huge part of that experience. Have fun and be smart!

Financial Aid and Scholarships

Oliver Finley Academy is approved to participate in Federal Financial Aid through the US Department of Education. We offer loan programs and various payment options including cash, check, money order, credit card (Visa, Master, Discover, American Express), etc. We offer a \$500.00 Military Scholarship for any member of the military or who is the family of military personnel. Terminations

Termination of a student may be instituted by the school for breaking academy rules or not following policy as stated in the Enrollment Agreement and in the Student Handbook. Please be sure you have read the Student Handbook and the Enrollment Agreement, in their entirety, to be sure you have a complete understanding of what is expected of you as a student. If you do not understand any of Oliver Finley Academy policies, rules or regulations, please ask an instructor or a member of management for clarification. A termination fee of \$150 will be assessed to anyone

not completing his or her course of study. Re-entry of a terminated student will be considered on a case by case basis. To be considered, a student must petition the Owner/Director of the school.

Contract

All students accepted by Oliver Finley Academy must sign a contract (enrollment agreement). Students less than 18 years of age may be asked to have their parent/s or legal guardian sign the contract as well. The contract specifies payment terms and states that the student agrees to abide by the rules and regulations of Oliver Finley Academy. Payment terms and methods to be made during school: Cash, Credit Card, Money Order, Check, Title IV Funds, Loan, Education Fund, etc. The contract also states that the student has read and agrees to our Oliver Finley Academy Handbook.

Right to Privacy/Right to Access Policy

In 1974 the Department of Education enacted the Family Educational Rights and Privacy Act. This law also known as FERPA was designed to protect the privacy of a student's educational records. It also guarantees the students and parents/legal guardians of dependent minors of students, access to their educational records.

Oliver Finley Academy abides by this law. We keep the students records protected and will allow access to only the individuals that this law dictates. While this law allows us to release "Directory" information, it is our policy not to release any information at all, on any of our students.

If a student wishes to have any information released to a specific individual they will need to fill out and turn in a "Student Release of Information" form that is available in the Financial Aid Office.

Students and parents/legal guardians of dependent minors may gain access to their files during school hours by making an appointment with school officials. Files may not be removed from the office.

No information concerning a student will be released to anyone without specific written permission of the student and/or parent. Student information will be released to government and accrediting agencies without student consent. The school will maintain all student records for a minimum of six years.

Advertising Consent

We will ask to use the student's image (photo, video or audio recording) in any and all forms of advertising for an unlimited amount of time. We have a form that you may sign to either authorize us in using your image or opt not to sign it which will not allow us permission to use your image in advertising content.

Copyright Infringement Policy

Oliver Finley Academy does not condone the illegal duplication of software. The copyright law is clear. The copyright holder is given certain exclusive rights, including the right to make and distribute copies. Title 17 of the U.S. Code states that "it is illegal to make or distribute copies of copyrighted material without authorization" (Section 106). The only exception is the user's right to make a backup copy for archival purposes (Section 117).

Safety and Security

At Oliver Finley Academy we want every student, client, and staff member to feel confident that they and their belongings will be safe and secure while on the school premises. Listed below are some ways to ensure this happens:

In the event of an emergency on campus, Oliver Finley Academy will communicate with students and staff via the Klass App. All students and staff are required to download this App as we use this as the main line of communication.

Client Safety –

Children must be supervised at all times. Children are only allowed on the clinic floor when receiving a service. This is vitally important to their safety and others around them. If a parent is unable to control his or her child, please ask an instructor for assistance.

Always offer to assist elderly patrons, especially when they are sitting down or rising from your chair. Put your hydraulic chair in the lowest position and lock it in place to make the transition as risk free as possible.

Never leave a client unattended while receiving chemical service. Not only do they feel better protected, but it is also a chance to bond with them. Your future financial success is dependent on your client feeling well serviced.

Always make sure that your client's face and clothing is properly protected with the appropriate draping.

Please report any unsafe conditions in or around the school premises to a school official. Clean up any spills of water, chemicals, or color immediately. These substances may cause injury if someone slips or may cause damage to the flooring.

Sweep up hair immediately and thoroughly. Any hair left on the floor can be very slippery.

Student Protection

Always wear the proper safety gear when providing services. Students must wear gloves when giving chemical services. Goggles and masks should be worn when drilling or filing nails. Never attempt school maintenance issues without the help of a school official. Please do not use ladders or attempt to deal with electrical or any hazardous situations/problems on your own.

Safeguarding Equipment and Premises

Do not leave irons or other hot items unattended. This could cause serious burns to students, clients, or children. It is also a fire hazard. Unplug all electrical equipment before leaving for the day. Hydraulic chairs are not toys. They should be kept down and locked when not in use. Dryers should be checked before each client is put under one. Improper temperature can adversely affect chemical service.

Spray bottles may only be used to remoisten a client's hair. No water fights or horseplay.

Sanitation

Sanitize all implements after each use. Due to the possibility of spreading disease, sanitation is **vitally important**. Each student will be expected to perform daily sanitation duties as assigned.

The refrigerator is to be used to protect your lunch for the day. Any items left in at the end of the week will be thrown out.

First Aid

First Aid kits are located in numerous places in the school. During “First Day” activities the locations of each will be pointed out. Make yourself aware of these and how to properly use them. If you have any First Aid questions, be sure to ask.

Fire Emergencies

Fire extinguishers are located throughout the school. You will be made aware of their location and proper use. Familiarize yourself with marked exits. Finally, like any emergency, 911 should be called right away if necessary.

Crime and Accident Prevention

Oliver Finley Academy does not assume liability for lost or stolen property. Lockers are provided for personal belongings. We strongly encourage students to bring to school only those items necessary for their education.

We reserve the right to prosecute any person to the full extent of the law for any unlawful act committed on school premises.

Students and Employees:

Shall not be allowed to consume or have in their possession any illegal or controlled substances including alcoholic beverages during school hours or at school sponsored functions. If they do they will be dismissed from school permanently or their employment terminated.

Shall not be allowed to have any illegal or dangerous weapons in their possession or on school property. Violation will result in confiscation of the weapon, possible prosecution, and termination from enrollment or employment.

Must park vehicles in designated areas and should keep them securely locked.

Shall report all hazardous or suspicious conditions to school officials.

Shall not attempt to repair any electrical equipment or exposed wires.

Should handle all equipment correctly within the manufacturer specifications. The school will not be responsible for accidents caused by inappropriate or negligent use of any of its equipment.

Shall not be permitted to use or bring on school premises any unauthorized equipment. The school will not accept liability for accidents involving such unapproved equipment.

Sexual Harassment

Sexual harassment may be defined as any unwelcome advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature that is not welcomed.

The following actions will be considered as sexual harassment:

Suggesting or insinuating that employment, an increase in grades, or the possibility of future promotions will be given in exchange for sexual favors.

Demeaning language focused on gender; sexual comments about an individual’s body; telling sexual jokes or stories; spreading rumors concerning a co-worker’s or fellow student’s sex life; asking or telling about sexual fantasies, preferences or history.

Any unwanted touching, including brushing up against another individual suggestively or touching yourself in a sexual manner in front of others.

Guidelines to Follow to Avoid Sexual Harassment

Assume that none of your fellow students or co-workers likes sexual comments or gestures and avoid using them.

Sweeping generalizations based on gender or sexual persuasions are unacceptable.

Be respectful of the privacy of the work areas of others.

Displaying or sending sexual notes, photographs, illustrations or cartoons is unacceptable.

Romantic involvement between students or staff is prohibited.

When a student is referred to the Disability Compliance Coordinator, the Coordinator will schedule a time to speak with the student to explain this policy. If the student asks for a reasonable accommodation, he or she will be directed to complete the Disability Accommodation Request Form. Once the Disability Compliance Coordinator receives the completed form, it will be reviewed. The Disability Compliance Coordinator will coordinate the interactive process with the student to determine what reasonable accommodation is necessary to allow the student to fully participate.

If a student disagrees with or is not satisfied with the proposed reasonable accommodation, the student may appeal the decision using the Institute's Grievance Policy.

90 - 100	Excellent
80 - 89	Good
75 -79	Satisfactory
74 and below	Failing

Clinical work is not graded in the traditional sense, rather students are given credit for completion of an application and the credit goes towards the practical applications required for course completion. Practical work is formally tested and based on specific, written criteria that is converted to a percentage based on how many items were done correctly based on how many points possible.

Satisfactory: Cumulative average of 75% GPA
AND
Cumulative average of 85% attendance

Students meeting minimum requirements at evaluation will be considered to be making satisfactory progress until the next scheduled evaluations

DETERMINATION OF PROGRESS:

All program evaluations are based on when the student actually completes the hours, per evaluation period. All evaluations will be completed within 7 school days following the established evaluation period. The first evaluation will be conducted no later than the midpoint of any program, and again, no later than the end of any program. Students meeting the minimum requirements for attendance and academics at the evaluation point are considered to be making satisfactory progress until the next evaluation. Students that are not meeting the minimum requirements for attendance and/or academics are placed on Warning.

WARNING:

Students failing to meet minimum progress requirements will be placed on Warning with the opportunity to meet requirements for the next evaluation period. The student will be given a corrective action plan and will work with Student Services and/or Instructors to obtain corrective plan goals. During Warning, students are to be considered making satisfactory progress and financial aid funds will be disbursed to eligible students. At the end of the Warning period, the student will be re-evaluated. If the student is meeting minimum requirements in both academics and attendance, he/she will be determined to be making satisfactory progress. The student who fails to meet minimum requirements, may be placed on Probation.

PROBATION:

At the end of the Warning period the student's progress will be re-evaluated. Students failing to meet minimum SAP requirements during Warning may be placed on Probation, if the student prevails upon appeal of a negative progress determination prior to being placed on Probation, and has been determined by the institution to have the opportunity to meet requirements before the next evaluation period. The student will be given a corrective action plan and will work with Student Services and/or Instructors to obtain corrective plan goals. If the student follows the corrective action plan, it will ensure that the student is able to meet satisfactory academic progress by the specified point, within the maximum timeframe, per the individual student. During Probation, students are to be considered making satisfactory progress.

At the end of the Probation period, the student will be re-evaluated. If the student is meeting minimum requirements in both academics and attendance, he/she will be determined to be making satisfactory progress. The student who fails to meet minimum requirements at the end of the Probation period, is no longer eligible for Title IV programs and may be terminated from Oliver Finley Academy. A student who faces termination and the loss of Title IV eligibility may appeal the negative progress determination.

APPEAL PROCESS:

Students who failed to meet satisfactory academic progress and have been terminated from the Title IV program, can appeal the decision within 15 calendar days. Reasons for which

students may appeal a negative progress determination include death of a relative, an injury or illness of the student, or any other allowable special or mitigating circumstance. The student must submit a written appeal to the school on the designated form describing why they failed to meet satisfactory academic progress standards, along with supporting documentation of the reasons why the determination should be reversed. This information should include what has changed about the student's situation that will allow them to achieve satisfactory academic progress by the next evaluation point. Appeal documents will be reviewed and maintained in the students file. A decision will be made and reported to the student within 30 calendar days. If the student prevails upon appeal, the satisfactory academic progress determination will be reversed, the student will be placed on Probation and federal financial aid will be reinstated, if applicable.

REINSTATEMENT OF AID:

Should the student win the appeal and be reinstated to Probation, the student will continue enrollment and financial aid funds will be reinstated.

LEAVES OF ABSENCE, WITHDRAWALS:

Leaves of absence will be granted on an individual basis and must be approved by Student Services and the Director. A personal leave of absence may be taken after the Basics period of enrollment. Two weeks of Leave time will be permitted for the duration of the program. Length of time may be extended with the Director approval. A leave of absence may also be granted for extenuating circumstances, i.e. a death in the family, injury or illness, and must be documented by the student. When a student returns from a leave of absence he/she will return to the same satisfactory progress status they had prior to departure. A leave of absence extends the student's contracted end date and maximum time frame, by the same amount of days as the leave of absence.

A student who withdraws may be permitted to return to Oliver Finley Academy.

Students who withdrew prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal.

COURSE INCOMPLETES, REPETITIONS, NON-CREDIT REMEDIAL:
